

9/1/24

Dear Friends of The Cove Racinos,

The staff & Residents of NSPIRE Health Care & Rehabilitation would like to express our sincere thanks to all of you. Our Residents have come to look forward to your visits & check our calendar of Activities for your next visit. The music you provide brings back good memories of their past & they enjoy singing along. The instructive art program brings out their artistic talents & they enjoy showing their friends & family the art they have created. You leave us all with a smile & a happy heart. God Bless all of you. Hope to see you again soon.

Sincerely,
Kenita Horstmann
Activities Director
NSPIRE
